

CUSTOMER COMMITMENT

Company founder, Sam Hart began work in the construction field in 1977. His career led him to work with a Civil Engineering firm while pursuing aluminum construction as a part time business. In 2001 NuScreen & Home Repair, Inc. was formed as a full time business with the goal of satisfying its customers with quality workmanship, superior performance and competitive pricing.

NuScreen is a State qualified aluminum contracting company with Sam Hart as the certified license holder. We are fully insured and licensed to complete your project. NuScreen constructs screen pool enclosures, solid roof screen rooms, screened lanai's, carports and concrete slabs.

Since its inception, NuScreen has strategically grown to the full service company of today. Our attention to detail ensures each project is designed to meet today's engineering standards. Our emphasis on QUALITY assures us of completely satisfied customers. Every project is designed and supervised each step by our company president
